COMMUNITY COLLEGE

UNIVERSITY OF HAWAII ARTICULATION AGREEMENT

Leeward Community College Associate in Science degree in Natural Science with a concentration in Biological Sciences to the University of Hawai'i-West O'ahu Bachelor of Science in Natural Science degree with a concentration in Health Sciences

The purpose of this Agreement is to facilitate a smooth transition for students from the Leeward Community College Associate in Science (AS) in Natural Science with a concentration in Biological Sciences program to the University of Hawai'i-West O'ahu Bachelor of Science (BS) in Natural Science with a concentration in Health Sciences program.

This recommended pathway is designed to produce multiple entry and exit points to flexibly serve student career and educational objectives. Students may use dual enrollment as a method of completing the required coursework outlined in the attachments to this agreement, contingent upon eligibility, deadlines, and established procedures.

Students must graduate from Leeward Community College with the articulated AS degree in Natural Science to be eligible for the benefits of this Agreement. Completion of the articulated AS degree will enable students to follow the University of Hawai'i-West O'ahu core, concentration, general education, focus, and graduation requirements in place on the effective term of this agreement. Participation in the University of Hawai'i Automatic Admissions transfer process is possible for students planning to complete the AS in Natural Science provided that eligibility, deadlines and procedures established for the designated term of entry are met. Students who do not complete the AS in Natural Science degree at Leeward Community College will be required to meet catalog requirements in place upon admission to the University of Hawai'i-West O'ahu. While this academic pathway represents the most efficient coursework progression from the AS program at Leeward Community College through the BS program at the University of Hawai'i-West O'ahu, individual course substitutions may be made on a case-by-case basis when recommended courses are not available; however, all core, concentration, general education, focus, and graduation requirements must still be met in those individual cases.

Requirements of the articulated Associate in Science (AS) in Natural Science with a concentration in Biological Sciences and the Bachelor of Science (BS) in Natural Science with a concentration in Health Sciences are provided as attachments and form the basis of this Agreement. Subsequent changes to the curricular requirements of these programs may require revisions to this Agreement.

Under the terms of this Agreement, the University of Hawai'i-West O'ahu agrees to:

1. Identify Success Advisors at the University of Hawai'i-West O'ahu who will partner with Leeward Community College Counselors to ensure timely and accurate advising information on pre-admission, admission, degree requirements, and other related advising information.
2. Identify a Success Advisor at the University of Hawai'i-West O'ahu who will work with their campus STAR personnel to develop an accurate STAR pathway for students pursuing this articulation agreement.
3. Identify a University of Hawai'i-West O'ahu faculty member who will serve as the faculty advisor to students who are part of this articulation in the selected concentration.
4. Inform students that financial aid may be available through either institution as the student identifies his/her home campus each semester, and that students must follow the financial aid policies and procedures at that home school in order to be eligible for financial aid.
5. Meet with Leeward Community College faculty and/or administration minimally every two years, or on an as-needed basis, to discuss potential and planned curricular changes.

Under the terms of this Agreement, Leeward Community College agrees to:

1. Place a notation in the advisor notes in STAR which identifies AS in Natural Science students intending to transfer to the University of Hawai'i-West O'ahu who are in the process of completing the AS degree and are a part of this articulation.
2. Identify a Counselor at Leeward Community College who will partner with the University of Hawai'i-West O'ahu advisors to ensure timely and accurate advising information on pre-admission, admission, degree requirements, and other relevant advising information.
3. Identify a Leeward Community College faculty member who will serve as the faculty advisor to students who are part of the articulation.
4. Inform students that financial aid may be available through either institution as the student identifies his/her home campus each semester, and that students must follow the financial aid policies and procedures at that home school in order to be eligible for financial aid.
5. Meet with the University of Hawai'i-West O'ahu faculty and/or administration minimally every two years, or on an as needed basis, to discuss potential and planned curricular changes.

This Articulation Agreement is effective beginning Fall 2020 and is based on the General Education and Focus requirements in effect at the University of Hawai'i-West O'ahu for 2020-2021.

This Agreement will be subject to review in Spring 2022 and may be continued, revised or discontinued with the consent of both parties. Should both parties agree to terminate the Agreement, the University of Hawai'i-West O'ahu will honor the Agreement stipulations for identified students currently enrolled in this articulation option at the time of termination.

SCFS 340 Food Sovereignty, Nutrition & Human Wellbeing: Reconnecting Food, Nature & Community
SOC 354 Survey of Medical Sociology
SOC 412 Death, Dying, & Bereavement
SOC 479 Applied Sociology: Community-Based Participatory Research in Health

Capstone Requirement (3 credits)

NSCI 486H Senior Project or NSCI 490H Senior Practicum

Elective Requirement:

Additional coursework may be needed to meet the University of Hawai'i-West O'ahu 120 total credit and/or upper division 30 credit minimum. Students are encouraged to select upper division coursework that fulfill any outstanding General Education requirements upon transfer to the University of Hawai'i-West O'ahu. Please check with your Success Advisor to determine if elective credits are needed.

Focus Requirements

Requirement

Oral Communication (OC)

Contemporary Ethical Issues (ETH)

Hawaiian, Asian and Pacific Issues (HAP)

*Can be met in combination with other requirements

Writing Intensive Requirement

Complete 3 upper division (300 or higher level) Writing Intensive (WI) courses. A minimum of two classes must come from coursework outside of the Capstone Course (NSCI 486H or 490H) *Whenever possible, WI sections of required core or concentration courses are highly recommended.*

Note: A minimum of 120 total credits must be earned of which 45 credits must be at the 300-400 level (also called "upper-division courses"). However, for students enrolled in the BSNS-Health Sciences Concentration, the upper-division course requirement may be reduced. Students should meet with the Faculty Advisor or Success Advisor to discuss course options. A minimum of 30 credits must be earned "in residence" through courses taken at the University of Hawai'i-West O'ahu.

Bachelor of Science in Natural Science, Health Sciences

(Leeward CC ASNS, Biological Sciences Articulation Agreement Effective Fall 2020)

The goal of academic advising is to further enhance the educational mission of the university, and create quality, accessible advising partnerships with all students in a positive environment that supports student success. This advising sheet is for tracking purposes toward degree completion and is subject to change. Students also may track their academic progress via STAR Degree Check by visiting www.star.hawaii.edu. Academic Advising appointments may be scheduled by calling [808-689-2689](tel:808-689-2689) or toll-free from neighbor islands at [866-299-8656](tel:866-299-8656).

Graduation Requirements (see the 2020-2021 catalog for any additional graduation requirements):

- 30 Upper Division Credits Minimum
- 3 Upper Division Writing Intensive Courses
- 2.0 UHWO GPA
- 120 Total Credits Minimum
- Focus Requirements (OC, HAP, ETH)
- 2.0 CONCENTRATION GPA
- 30 UHWO Credits

General Education Requirements: 31 credits
