#### UNIVERSITY OF HAWAII ARTICULATION AGREEMENT

### **University of Hawai'i Maui College Associate in Science degree in Dental Hygiene to the University of Hawai'i-West O'ahu Bachelor of Arts degree in Public Administration with a concentration in Health Care Administration**

The purpose of this agreement is to facilitate a partnership and collaboration between the University of Hawai'i Maui College and the University of Hawai'i--West O'ahu (UHWO), in order to facilitate a smooth transition for students in the Associate in Science (AS) in Dental Hygiene as they work toward obtaining the Bachelor of Arts (BA) in Public Administration with a concentration in Health Care Administration.

Students must graduate from the University of Hawai'i Maui College with the articulated AS degree in Dental Hygiene to be eligible for the benefits of this Agreement. Completion of the articulated AS degree will enable students to follow the University of Hawai'i-West O'ahu core, concentration, general education, focus, and graduation requirements in place on the effective term of this agreement. Participation in the University of Hawai'i Automatic Admissions transfer process is possible for students planning to complete the AS in Dental Hygiene provided that eligibility, deadlines and procedures established for the designated term of entry are met. Students who do not complete the AS in Dental Hygiene degree at the University of Hawai'i Maui College will be required to meet catalog requirements in place upon admission to the University of Hawai'i-West O'ahu. While this academic pathway represents the most efficient coursework progression from the AS program at the University of Hawai'i Maui College through the BA program at the University of Hawai'i-West O'ahu, individual course substitutions may be made on a case-by-case basis when recommended courses are not available; however, all core, concentration, general education, focus, and graduation requirements must still be met in those individual cases.

Requirements of the articulated Associate in Science in Dental Hygiene and the Bachelor of Arts in Public Administration with a concentration in Health Care Administration are provided as attachments and form the basis of this Agreement. Subsequent changes to the curricular requirements of these programs may require revisions to this Agreement.

Under the terms of this Agreement, the University of Hawai'i-West O'ahu agrees to:

1. Identify College Success Advisors at the University of Hawai'i-West O'ahu who will partner with the University of Hawai'i Maui College Counselors to ensure timely and accurate advising information on pre-admission, admission, degree requirements, and other related advising information.
2. Identify a University of Hawai'i-West O'ahu faculty member who will serve as the faculty advisor to students who are part of this articulation in the selected concentration.
3. Inform students that financial aid may be available through either institution as the student identifies his/her home campus each semester, and that students must follow the financial aid policies and procedures at that home school in order to be eligible for financial aid.
4. Meet with University of Hawai'i Maui College faculty and/or administration minimally every three years, or on an as-needed basis, to discuss potential and planned curricular changes.

Under the terms of this Agreement, the University of Hawai'i Maui College agrees to:

1. Place a notation in the advisor notes in STAR which identifies AS in Dental Hygiene students intending to transfer to the University of Hawai'i-West O'ahu who are in the process of completing the AS degree and are a part of this articulation.
2. Identify an advisor at the University of Hawai'i Maui College who will partner with the University of Hawai'i-West O'ahu College Success Advisors to ensure timely and accurate advising information on pre-admission, admission, degree requirements, and other relevant advising information.
3. Identify a University of Hawai'i Maui College faculty member who will serve as the faculty advisor to students who are part of the articulation.
4. Inform students that financial aid may be available through either institution as the student identifies his/her home campus each semester, and that students must follow the financial aid policies and procedures at that home school in order to be eligible for financial aid.
5. Meet with the University of Hawai'i-West O'ahu faculty and/or administration minimally every two years, or on an as needed basis, to discuss potential and planned curricular changes.

This Articulation Agreement is effective beginning Fall 2021 and is based on the General Education and Focus requirements in effect at the University of Hawai'i-West O'ahu for 2021-2022.

This Agreement will be subject to review in 2024 and may be continued, revised or discontinued with the consent of both parties. Should both parties agree to terminate the Agreement, the University of Hawai'i-West O'ahu will honor the Agreement stipulations for identified students currently enrolled in this articulation option at the time of termination.
