Kauai'i Community College
University of Hawai'i Maui College
and
University of Hawai'i-West O'ahu**

**Associate in Science degree in Early Childhood Education to the
Bachelor of Education with a concentration in Early Childhood Education**

The purpose of this Multi-Campus Articulation Agreement is to continue the partnership between the above campuses and to facilitate a smooth transition for students in the Associate in Science in Early Childhood Education (ECED) programs at Hawai'i Community College, Honolulu Community College, Kauai Community College and the University of Hawai'i Maui College to the University of Hawai'i West O'ahu, as they work toward obtaining the Bachelor of Education degree with a concentration in Early Childhood Education (ECED). It is the intention of this articulation agreement that transferring students complete both AS and B.Ed degrees therefore recommended pathways have been identified. All campuses indicated above agree to work collaboratively to update and share program changes. A committee comprised of academic advisors and/or faculty from each campus will be established to oversee and maintain updates to the general education pathways and program requirements.

The UH West O'ahu Articulation Option Recommendations listed in Attachments I-IV represent the most efficient coursework progression from the AS through the B.Ed program. To maximize the number of credits that will apply toward the baccalaureate degree at UH West O'ahu, students are advised to complete the UH West O'ahu Articulation Option Recommendation indicated for their home campus and consult with a Counselor or Program Advisor at their respective Community College or a Student Services Specialist at UH West O'ahu for the most efficient transfer possible. Although individual course substitutions may be made on a case-by-case basis, all UH West O'ahu core, general education, focus, and graduation requirements must still be met in those individual cases.

Admission to UH West O'ahu

At minimum, students who wish to enter UH West O'ahu 's Bachelor of Education degree program with a concentration in Early Childhood Education must be eligible for transfer admission by the time of application and should complete the 32 credits of ECED Core identified below and the prerequisite coursework in Math and English required for the B.Ed program prior to transfer. The identified AS ECED core, listed below, is aligned with the UH West O'ahu B.Ed ECED program requirements for continuity and maximum professional development.

If any or all parties agree to terminate the Agreement, UH West O'ahu. will honor the Agreement stipulations for identified students currently enrolled in the articulation agreement at the time of termination, contingent upon courses being offered.
