Please list any MAJOR reasons for your leaving not listed above	Classes that I NEED to take are in another institution. Why do I have to go to OTHER schools in order to get my degree? I would rather spend \$1k more to go to a school where all my classes are readily available.
What might the University have done to help you stay enrolled?	BE ACCURATE. I have read the catalog and have found that my major (IT) would be a part of the institution. I DID NOT read that I had to go to KCC and UHWO to get my degree. How about instead of paying for unnecessary things (shuttle transportation, health care, really?), we use that money for more classes.
What might have you done differently to stay enrolled?	Not actually enroll. The only thing keeping me enrolled was the OUTSTANDING professors. They certainly make UHWO an enjoyable experience.

I have always been a Dean's List student with UH West Oahu but this is a brick wall with taking Algebra 103. I had taken the two prerequisite math prep classes (Math 18 and Math 82) but still struggled in the Algebra class. Although I may have had difficulty with this subject since I've been out of school for so long, the main reason I dropped out was because I felt I wouldn't pass the course with the required C- in order to take the subsequent Business Administration program required classes (i.e., Statistics, Business Finance, etc.). The reason I felt this way had to do with the instructor, Hye Jung Kim. She made me feel like I didn't belong in the class and was resistant to making me feel like I would be successful if I continued. I got the feeling she felt this way because she felt I wasn't at a high enough level of knowing the subject material. But my issue is that I tried harder than everyone involved could believe. I spent an exorbitant amount of time in the Pearson's Math Lab software program which Ms. Kim even commented on (she couldn't believe how many hours I was working in it since she was able to view my account), not to mention I practically lived in the Math tutoring lab (look at sign-in sheets to verify) and worked with many tutors on a regular basis, specifically Alikea who worked hand in hand with Ms. Kim since he was affiliated with her class as its helper. I tried meeting with Ms. Kim in her office for help, but she was obviously not there to help me; she actually asked me "What are you going to do to help yourself" (in so many words) and treated me like I was fresh out of high school (I'm a mature 48 year-old business woman). She had no patience for me and I got the feeling she just wanted me to drop the class so I'd be out of her hair. She actually reminded me on several occasions to think about doing so and even sent out a reminder email to the whole class about dropping before the deadline (in hopes to cut fat of struggling students she'd have to deal with). I can't speak highly enough of Alikea, her designated math tutor for her class; he is brilliant and a great person to boot. I feel she depends on him too much to pick up her slack with helping her students. I couldn't have tried any harder or put more effort and time into this class. I was just so appalled by the whole situation that I dropped out of the program altogether.

<p>What might the University have done to help you stay enrolled?</p>	<p>On a separate note, I felt devastated when Colleen left the academic advising team. I've met with multiple other "advisors" since the beginning of my enrollment with your college and feel they're all inadequate. While I'm on the subject, and since I've been wanting to do this for a long time now, I'd like to bring up one of your instructors, Janice (the older, Japanese woman). I don't know how to put this other than she makes my skin crawl. This woman is SO rude and I've had the unfortunate opportunity of coming across her path twice in my visits to your academic advising office. I saw her initially before I registered for your college and she shocked me with how rude, uncaring, and unhelpful a counselor could be but luckily I requested a different counselor for my next session and that's when I had the privilege of working with Colleen. Then I was in the academic counseling office on another date waiting for my appointment with Colleen when Janice came out and was extremely rude to me yet again; she thought I was her next appointment and talked to me in such a degrading way. This woman is obviously in the wrong line of work and she furthers things from a people-person. Thought you should know.</p>
<p>What might have you done differently to stay enrolled?</p>	<p>To not let one instructor jeopardize my education. I've gotten nothing but straight A's in the dozens of classes I've taken with West Oahu and it just doesn't make sense that this one class ruined the course of obtaining my business degree. I will be researching other universities to continue my studies. My husband tells me your school is notorious for students not completing their degree and unfortunately I find myself in this category all because of Hye Junk Kim (main reason) and the poor quality of your counselors (second reason since I felt I couldn't get quality advice).</p>
<p>While enrolled at UH West Oahu, where were you living?</p>	<p>Leeward Oahu</p>
<p>How many hours did you work (employment), on average, while enrolled at UH West Oahu?</p>	<p>0</p>

What might the University have done to help you stay enrolled?	Make it more affordable. I chose UH West due to its lower cost. Even though I live in downtown, Manoa was out of the question. I really cannot fathom why there are constant increases in fees and tuition to support things like the UH football team. That entity should be self supporting, and not constantly riding on the back of students. Also, as a older student trying to finish my degree and juggle family obligations, the added and increasing cost make affording school all the much harder.
What might have you done differently to stay enrolled?	Not much I could have done differently. I'd love to say I'd go to school full time but that's not the reality of things.
While enrolled at UH West Oahu, where were you living?	Honolulu
How many hours did you work (employment), on average, while enrolled at UH West Oahu?	40+
What racial/ethnic background do you identify with?	Caucasian or White
What is your gender?	Male

How satisfied were you with your overall educational experience while at UH West Oahu?	Very satisfied
Would you like a University official to contact you about coming back to the institution?	No
If yes, please list your name and phone number so we may contact you.	It's not necessary. I plan on returning in the fall.
What was your last enrollment status at UH West Oahu?	Enrolled less than full-time (less than 12 credits)

Please list any MAJOR reasons for your leaving not listed above	I needed to take a break from school to deal with family issues. I was planning on returning to West Oahu for Fall 2014. I didn't know that I was supposed to call the university to let them know that I would be taking the semester off. I only found out now that "I left" West Oahu when I was trying to register for classes. I had no intention of leaving but I also did not think, at the time, to inform the university. I'm actually trying to get back into West Oahu but I don't know how and what to do.
