

A photograph of a modern university building with a brown metal roof and large windows. The building is set against a blue sky with white clouds. In the foreground, there is a paved plaza with green grass patches and a large tree on the right side.

# Enrollment Management & Predictive Analytics

UNIVERSITY of HAWAII  
WEST O'AHU

UHWO PD Day - August 15, 2017  
John Stanley, Director, Institutional Research  
Jim Cromwell, Director, Enrollment Management

1. Provide latest enrollment and retention figures, disaggregated by target populations.
2. Describe UHWO's predictive analytics strategy for increasing student enrollment and retention.

Slides available at:

<http://www.uhwo.hawaii.edu/academics/oie/research-and-presentations/>

# Enrollment by the Numbers

- Point in time comparison with previous year.
- 2017 changes in registration dates affecting figures.
- Numbers could level off by September.
- UH Manoa utilizing aggressive recruitment strategies.

# Historical and Projected Enrollment

- Rapid 33% growth, 2012 to 2014 with new campus.
- Since then, modest growth among transfers; freshmen consistently between 250-300 students.
- Total growth dependent on new and continuing students, minus graduating students.
- Real-time enrollment figures currently tracking < 3,000.

# Historical and Projected Tuition Revenues

# Student Populations of Interest

## Native/Part Hawaiians

## Pell Eligible

## Receiving Financial Aid

## Online

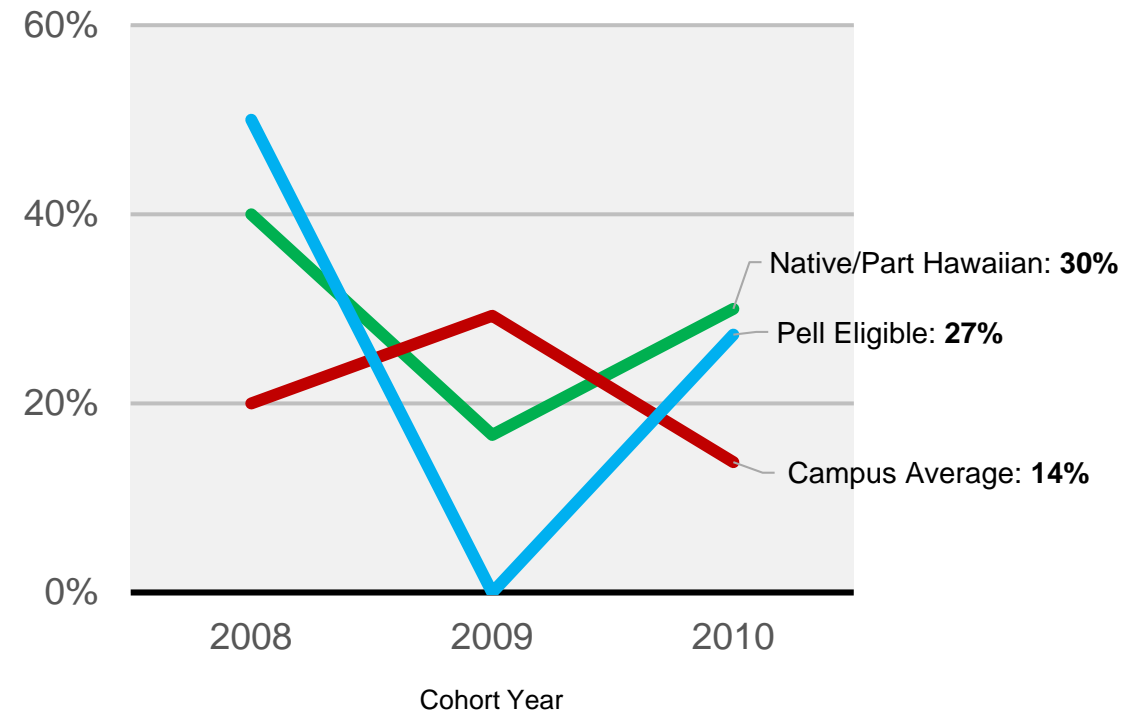

## Distance Education

## First-Time Retention

## First-Time 150% Graduation

- Retention rates, although steadily improving, show persistent achievement gaps among Native/Part Hawaiian students.
- Due to small population of cohorts (N= 25, 41, & 29 respectively), caution should be used when interpreting 150% graduation rates.

## Student Success

The University of Hawai'i – West O'ahu is committed to creating and fostering a campus environment that embraces diversity, values students as important members of our campus community, and respects and appreciates the diverse perspectives, lifestyles, cultures, and ethnicities of all students. UH West O'ahu believes that student success is enhanced by a vibrant campus life experience that inspires students to engage in their campus community and in the greater community, thereby developing their skills as global citizens.

Whether it is the self-directed, independent thinker who takes distance education courses online or the engaged, articulate student government leader active in clubs and events, the "typical" UH West O'ahu student and his or her classmates are diverse with wide-ranging interests.

UH West O'ahu has moved into a new phase of growth with the transition to a full four-year university in 2007. The expanded capacity allows UH West O'ahu to serve both regional and statewide educational needs. A four-year, indigenous-serving institution, UH West O'ahu provides an intellectually challenging higher education experience in a supportive setting, offering more than 30 academic concentrations in six degree programs designed for career success.

The programs of the University are designed to be responsive to the needs of our students. UH West O'ahu faculty are engaged in three basic types of activities: teaching, research, and service. The University's curriculum offerings are founded on the principle that career training, the humanities, and social sciences are complementary.

*\*Official targets per 2017 UH System Enrollment Management Initiative*

# What is Predictive Analytics?

- Uses historical data to predict or forecast future behaviors, trends, or outcomes.  
(i.e. enrollment likelihood, retention, course success, degree completion/time-to-degree, etc.)

- ✓ UHWO currently implementing this practice.
- ✗ UHWO not currently implementing this practice.

## Two active initiatives at UHWO:

1. In-house development of custom prediction models by UHWO Institutional Research Office.
2. Starfish© early alert software administered by UHWO Student Affairs.

# 1.

Data collected from student information system.

10110101  
11010001

# 2.

Train and validate prediction model using standard statistical methods.

# 3.

Prediction estimates calculated per student

**%75**

## EXAMPLE

New student at the beginning of their first semester:

- First Generation
- High School GPA (2.89)
- Registered for 12 credits
- Lower socio-economic
- Undeclared major
- No freshmen exp. course
- No educational goals survey completed

Probability of Drop-Out:

**75%**

## John

- First Generation
- SAT Combined = 900
- H.S. GPA = 2.99
- 75% Unmet Financial Need
- Undeclared

- Dropout risk probability: **70%**
- Risk group: **7 of 10 (moderate risk)**

### Intervention strategy:

- Proactive advising
- Meta major pathway mapping
- Revisit financial aid support
- Check for ill-advised registration choices

## Jim

- SAT Combined = 1100
- H.S. GPA = 3.50
- Accounting Major
- 15 credits registration
- Educational Goals = “Earn B.A.”

- Dropout risk probability: **10%**
- Risk group: **1 of 10 (low risk)**

### Intervention strategy:

- Monitor *Starfish* reporting
- Mid-semester check-in
- Re-assess dropout risk at end-of-semester

- 51 faculty/lecturers participated (32% of all faculty and lecturers).
- 87% of student referrals submitted were “kudos” (1,133 of 1,306).
- 100 students referred to academic advising (3.6% of Spring 2017 enrollment).
- 51 students referred for academic support.

## Affordability

- ~~Infrastructure~~
- ~~Technology~~
- ~~People/Expertise~~
- ~~Opportunity Costs~~

## Data availability

- ~~Student Information System~~
- Learning Management System
- ~~Budget/ Human Resource Silos~~

## Implementation of predictive data

- Senior-level coordination
- Culture change
- Wary of misuse of data
- Questions about data used to generate scores
- Students' access to risk scores
